LAMA-VASTU

THE SCIENCE OF HAPPINESS & PROSPERITY.

Vasthu is not a myth or a superstition, as many in the modern world would like to believe. Vasthu is a science developed centuries ago for designing buildings like palaces or modest homes and workplaces. The ancient epic 'The Mahabharatha' also refers to Lord Vishwakarma and his science of architecture in the construction of the Lakshagraha (Wax Palace). Vasthu provides the basics of construction, especially in harnessing the energies of nature for the betterment of home and society.

Vastu Shastra is based on the concept of scientifically combining the five basic elements – earth, water, fire, air, and sky – to create a pleasant setting. Vasthu principles integrated with architecture boost health, wealth, energy, and prosperity and make the living or working atmosphere serene and enlightened.

Sky (West) denotes expansions and enhancements; Vayu (East, Northeast) joy and happiness; Agni (South) power and fame; Water (North) spirituality & healing; and Earth (Centre) for stability, peace & harmony.

Vastu Shastra is a cosmic ancient science that is based on five elements of nature, i.e., air, water, earth, fire and space (the panchbhutas) and different directions, i.e., east, west, north, south .along with the geomagnetic energy of the earth and their relation to five super elements, i.e., Wind, water, earth (geomagnetic energy of earth), fire (sun) and space (sky) the PanchBhutas and further their inter-relationship with man and building.

The whole universe is a combination of five basic elements. While making or constructing a building, if all five basic elements of nature are considered, then creative energy, electrical energy, and magnetic energy are produced. It gives good health, wealth, and prosperity to human beings. If there is no coordination among these five elements, then our energies weaken. It results in tension ill health and disturbs the peace of mind. All the five basic elements have their respective results. A human being can not survive in the absence of even a single element.

In Lama Vastu , we heal the Vastu Purush and remove all negative energies from the house and protect from the Black Magic. It also develops peace, harmony, and happiness in the house.
